

OBIEE Core - Answers, Dashboards & Delivers

2 Day Course

Course Description

- The goals of the *Answers, Dashboards & Delivers* training course are:
 - To provide the techniques to build effective Oracle BI reports and dashboards
 - To learn how to use Oracle BI Delivers to distribute Oracle BI content to the user community.
 - To understand the basic features of Oracle BI Web Administration and how to use them.
 - To obtain practical experience building Oracle BI reports and dashboards, and distributing this information using Oracle BI Delivers.

Target Audience

- Business Analysts – understand Oracle BI data analysis capabilities and create ad-hoc reports
- BI Consultants – create powerful Oracle BI dashboards, and publish them to the user community
- IT Project Managers – understand Oracle BI capabilities and how they can fulfill their organisation reporting needs

Topics Covered

- OBI EE Overview
- Creating requests with Oracle BI Answers
- Working with Filters
- Views insight
- Building dashboards
- Adding flexibility to dashboards with prompts
- Using Presentation Variables
- Scheduling reports with Oracle BI Scheduler
- Administering the OBI EE client applications

Pre-requisites

- No OBI EE knowledge is needed to enroll this course.

Languages

- *Answers, Dashboards & Delivers* is offered in English and Spanish (training material is only available in English).
